

CONTACT CLEANER SPRAY

Improves electrical conductivity and reduces friction and wear. The Perfects Contact Cleaner Spray is moisture-, rust- and corrosion-proof. It cleans, lubricates and protects domestic appliances, garden equipment, car locks, car lamp holders, plugs and zippers, hinges, locks and curtain rails in the house. Also ideal for bicycle chains and gears and can be used safely on metal, plastic, paint and rubber. This spray does not contain silicones.

Instructions of use Store and use at room temperature. Shake well before use. Hold the can upright and spray from a distance of 20 cm. Apply the cleaner and let it soak in. Remove left-over and apply a final coating to moisture, rust and corrosion-proof the parts. When using the cleaner on switches, cable-shoes, plugs and connectors, disconnect the power before application and move the contacts after applying the final coating. Do not use on adhesives. Use the extension straw (contained in the cap) for hard-to-reach areas.
